

Universal motion detection radar for door opening by proximity.

TECHNICAL DRAWINGS

FEATURES

- Proximity radar for automatic door.
- Microwave 24.125GHz and Microprocessor control technology.
- Wide detection range.
- Sensitivity and angle detection adjustment.
- Detects the movement of people or objects within the detection range, triggering the door to open.

TECHNICAL FEATURES

MATERIAL	ABS
POWER SUPPLY	AC/DC 12~24V
POWER CONSUMPTION	< 2W (VA)
DETECTION MODE	Motion Detection
MOUNTING HEIGHT	≤3m
DETECTION AREA (mounting height 2.3m)	3.5m(W) x 2m (H)
PROTECTION LEVEL	IP52
WORKING TEMPERATURE	-20°C ~ +55°C
DIMENSIONS	142*46*45mm

PACKAGING

Package size: 132*100*62mm
Package weight: 0,202Kg
